

Endoscopy Tech Job Details

Description of Endoscopy Tech

Raleigh Endoscopy Center offers outpatient endoscopic facilities specializing in the prevention, diagnosis and treatment of gastrointestinal diseases and disorders. Our team of 28 Gastroenterologists serves the greater Triangle area with three convenient locations in Raleigh, North Raleigh, and Cary.

The Endoscopy Technician supports physicians and nurses in performing endoscopic procedures by preparing, sterilizing, and setting up all necessary equipment. This role is responsible for maintaining a sterile and safe environment, ensuring patient comfort, and assisting with scope handling and instrument management during procedures. Endoscopy Technicians also monitor patients' vital signs under the supervision of medical staff, handle post-procedure cleaning and maintenance of equipment, and restock supplies as needed. This position plays a vital role in ensuring the efficiency and safety of endoscopic procedures, contributing to high-quality patient care.

Competencies:

Provides safe, individualized, and efficient patient care following centers policies and procedures.

- Works as a positive team player who supports all areas of the center each day.
- Follows safety and infection control policies and procedures when performing job duties.
- Participates in Safety and Quality Assurance/Performance Improvement activities.
- Supports the Center's ideology, mission, goals, and objectives.

Requirements of the Endoscopy Nurse:

- High school diploma or equivalent
- Experience preferred
